Marble Institute of America:

This letter is written to very highly recommend all the people at Granite-Tops for the excellent service and advice they have given to our clients, job supervisors and designers on all aspects of using granite in a home. They have been the fabricator for Lecy Bros. Homes since the very first home we used granite in over ten years ago. We could not be happier or more pleased with their conscientious service! If there is a question or problem they are right there to help find the answer.

As an upper bracket builder, we use a lot of natural products in the design of our homes. Granite-Tops has always been very available to answer questions, offer suggestions or solve problems. We like working with everyone there because they have the same philosophy that we work under; "Do it right the first time."

As a company we have been extremely pleased working with Granite-Tops and hope to continue our great relationship.

To Whom It May Concern:

As the owner of Granite Tops By Johnson Monument LLC, I have had the privilege of working with Granite Tops, Inc. as our granite countertop fabricator. I am pleased to write this Letter of Recommendation on behalf of Granite Tops, Inc. as they pursue their desire to be an Accredited Natural Stone Fabricator by the Marble Institute of America.

Our relationship began in 1998 and has grown quite substantially throughout the past nine years. Without question, Granite Tops is one of the most competent and professional fabrication businesses available. Their conscientiousness to detail, their honesty, work ethic, dedication, and timely turn around to each and every job, no matter how large or small, is always projected in every home and/or business we work with.

I greatly respect and admire their ability to work with people along with their creativity and willingness to go above my expectations when completing a project. I highly recommend without reservation Granite Tops' acceptance to be an Accredited Natural Stone Fabricator.

Respectfully,

*David S. Christian
